Re: Freedom of Information Act Request- Tracking No. 844598

Dear Mr. Evers:

This is a response to your November 1, 2017, Freedom of Information Act (FOIA) request for:

1. All calendars or calendar entries for any of the following individuals between the date of January 20, 2017, to the date a search is conducted, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant or a scheduler):
  - Secretary Alexander Acosta
  - Deputy Secretary to Secretary Acosta
  - Nathan Mehrens, Deputy Assistant Secretary for Policy
  - Wayne D. Palmer, Deputy Assistant Secretary for Policy, Mine Safety and Health Administration
  - Nicholas C. Geale, Chief of Staff
  - Molly Conway, Chief of Staff
2. Any calendars maintained for the Secretary's Conference Room, the Deputy Secretary's Conference Room, and "The Fishbowl."

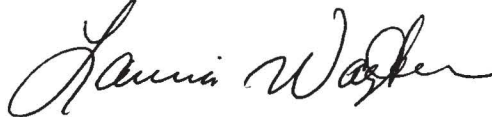

Enclosed please find records responsive to your request for Wayne Palmer's calendar entries. Please note that the calendar entries do not reflect a record of attendance, as Mr. Palmer may not have attended every event listed in his calendar. In addition, this production does not include some calendar entries that originated from other DOL offices or Federal Agencies and share equities with those other offices or Federal Agencies. MSHA is consulting with those offices and Federal Agencies and will supplement its production upon completion of their review.

You can now file your MSHA forms online at [www.MSHA.gov](http://www.MSHA.gov). It's easy, it's fast, and it saves you money!

Some information contained in this production has been withheld under FOIA exemption 5. The deliberative process privilege of FOIA exemption 5, 5 U.S.C. § 552 (b)(5), permits the withholding of internal government information to “prevent injury to the quality of agency decisions.” The attorney-client privilege of FOIA exemption 5 protects confidential communications between an attorney and his client relating to a legal matter. Additional information has been withheld under FOIA exemption 6, 5 U.S.C. § 552 (b)(6), which permits the withholding of information that, if released, would constitute a clearly unwarranted invasion of personal privacy.

As mentioned, a smaller supplemental production containing entries that share equities with other DOL offices and Federal Agencies will be forthcoming. If you have any questions, please direct them to Laura Hunt at the United States Department of Justice Federal Programs Branch.

Sincerely,

A handwritten signature in black ink, appearing to read "Lanesia Washington". The signature is fluid and cursive, with the first name "Lanesia" being more prominent than the last name "Washington".

FOIA Tracking No. 844598

August 31, 2018

Mr. Austin R. Evers  
*American Oversight*  
1030 15<sup>th</sup> Street, N.W.  
Suite B255  
Washington, DC 20005

Dear Mr. Evers:

This is a response to your November 1, 2017, Freedom of Information Act (FOIA) request for:

1. All calendars or calendar entries for any of the following individuals between the date of January 20, 2017, to the date a search is conducted, including any calendars maintained on behalf of these individuals (e.g., by an administrative assistant or a scheduler):
  - Secretary Alexander Acosta
  - Deputy Secretary to Secretary Acosta
  - Nathan Mehrens, Deputy Assistant Secretary for Policy
  - Wayne D. Palmer, Deputy Assistant Secretary for Policy, Mine Safety and Health Administration
  - Nicholas C. Geale, Chief of Staff
  - Molly Conway, Chief of Staff
2. Any calendars maintained for the Secretary's Conference Room, the Deputy Secretary's Conference Room, and "The Fishbowl."

Enclosed please find records responsive to your request for Nathan Mehrens' calendar entries. Please note that the calendar entries do not reflect a record of attendance, as Mr. Mehrens may not have attended every event listed in his calendar. In addition, this production does not include calendar entries that originated from other Department of Labor (DOL) offices or Federal agencies that share equities with those other offices or

Federal agencies. We are consulting with those offices and Federal agencies and will supplement our production upon completion of their review.

Some information contained in this production has been withheld under FOIA Exemption 5. The deliberative process privilege of FOIA exemption 5, 5 U.S.C. § 552 (b)(5), permits the withholding of internal government information to "prevent injury to the quality of agency decisions." Additional information has been withheld under FOIA Exemption 6, 5 U.S.C. § 552 (b)(6), which permits the withholding of information that, if released, would constitute a clearly unwarranted invasion of personal privacy.

As mentioned, a smaller supplemental production containing entries that share equities with other DOL offices and Federal agencies will be forthcoming. If you have any questions, please direct them to Laura Hunt at the United States Department of Justice Federal Programs Branch.

Sincerely,

Carrol Bascus  
Administrative Officer  
Office of the Assistant Secretary for Policy

Enclosure

DHS has no political leadership participation and Paul has said that he doesn't feel the need to listen in, but I wanted to give you the option. Thanks!

Hi All;

We would like to invite you to a SBA/OA training session on regulatory flexibility analysis (RFA) for DOL regulations. The goal of this training is to provide informative presentations to help economists and program analysts to enhance their understanding of RFA, and discuss the best practices that they will use in performing RFAs of DOL regulations. This training session will be held November 8, 2017, from 1PM – 3PM in the ETA's conference room (S-2322). This training will be targeted to economists and program analysts experienced in conducting RFAs, as well as those interested in learning more about them. Please feel free to forward this invite to others in your agency who may be interested in participating.

Thanks!

Hong

CEO Evidence PPT October 2017\_Final.pdf

Dear Colleagues:

Please join us for a CEO Brown Bag on **"Building and Using Evidence and Evaluation at DOL: Gearing up for the Fall Learning Agenda Process."**

There is a growing awareness about the importance of using evidence-informed approaches at all levels of government; in fact, you are frequently asked to identify data and use evidence in your work on budget proposals, operating plans, or as you make decisions about program direction or operations. This brown bag will highlight resources to help you do just this. In particular, we'll discuss the work of the Chief Evaluation Office and how we can be a resource to you in understanding, building, and using evidence. We'll also give you an overview of the upcoming learning agenda process, where we'll talk about priority research questions that could be answered in future projects with CEO. Finally, the brown bag will discuss the bigger picture, highlighting recent examples of the emphasis the Administration and Congressional leadership have placed on evaluation and evidence building, and the leading role DOL is playing in this area.

About our speakers:

**Molly Irwin, DOL's Chief Evaluation Officer**, will talk about the building and using evaluation and evidence for decisions and the role DOL's Chief Evaluation Office plays.

**Christina Yancey, CEO's Evaluation Team Manager**, will provide an overview of CEO's evaluation work.

**Scott Gibbons, CEO's Data Analytics Team Manager**, will provide an overview of CEO's data analytics work.

**Megan Lizik, Senior Evaluation Specialist and Project Officer for CLEAR**, will provide an overview of DOL's Clearinghouse for Labor Evaluation and Research.

In advance of the meeting, we will share remote participation information.

Hope you can join us!

The Chief Evaluation Office

I will be on leave Monday, 8/7, so if changes need to be made to this invite after Friday, 8/4, someone will need to issue an entirely new invite. The conf call # does not need a leader code to activate the call; the PIN will do it.

If you are unable to open the attachment, forward this email to yourself in HTML format and you should be able to open it then.

and because of the short turnaround time, we wonder if folks (or their delegates) are available tomorrow? I took a look a quick look at Outlook availability for both Friday and Monday, and it looks pretty bad, so wonder folks have ideas about meeting times.

To reflect new testing time.

Reserving this time on your calendars so that you remember to conduct testing of your GETS and WPS capabilities.

During this time I will also send an AlertFind message and utilize the phone tree to verify connectivity in the event of a Continuity Event. I attached the OASP phone tree from our COOP plan for your reference.
